NUS wireless network Configuration Guide for iPhone Device
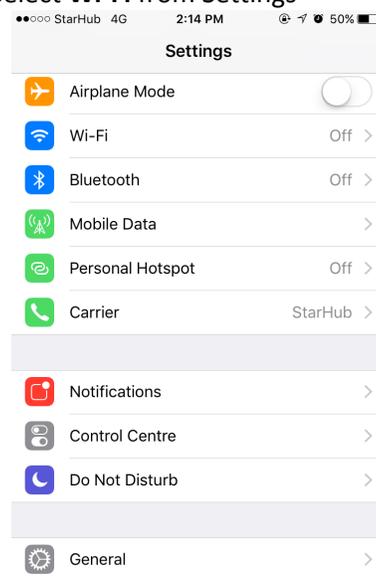

The steps in this guide also applies to "NUS_2-4GHz" and student wireless SSID "NUS_STU" & "NUS_STU_2-4GHz" as well.

NOTE: For students, please forget / delete your previous "NUS" wireless profile before connecting to "NUS_STU".
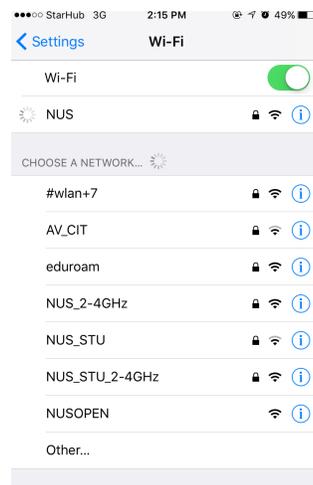

1. Select **Settings** icon from home screen

2. Select **Wi-Fi** from Settings

3. Switch on **Wi-Fi** via switch

4. Select SSID **NUS** from list.

5. Enter Username and Password and select **Join**
   - **Username** : (Enter your "Domain\Username")
     (E.g. of Domain: NUSSTF/NUSSTU/NUSEXT)
   - **Password** : (Enter your Password)

6. Verify the certificate server ends in **nus.edu.sg** and the certificate is from **thawte Primary Root CA**. Don't be alarmed if the page shows certificate **Not Verified**. Accept the certificate and proceed

7. Connected to SSID **NUS**
