

NUS Wireless Network Configuration Guide for Android Devices

The steps in this guide applies to staff wireless SSID "NUS" & "NUS_2-4GHz" and student wireless SSID "NUS_STU" & "NUS_STU_2-4GHz" as well.

Please Note: Some of the settings might have different name based on your device model.

- 1. From your device, go to Settings and select Wireless & networks or Connections
- 2. Tick the box for Wi-Fi to enable Wi-Fi. Then select NUS under Wi-Fi networks.
